Bespoke Hampers & Corporate Gifts

As an independent specialist delicatessen we can create the perfect corporate or personal gift whatever your budget. From five to five hundred pounds we will produce a gift that you will be proud to give.

Guided by your brief and budget we can create bespoke gifts or hampers to suit your needs. Our delicatessen stocks a wide array of quality food and wine allowing us to tailor each present precisely. What's more we guarantee that the contents will be both delicious and beautifully presented. Our emphasis is on quality, taste and traceability.

We stock many award winning artisan producers which ensures our hampers are full of goodies not easily found elsewhere.

Whether you need a one-off luxury present for a special client on the other side of the country or one hundred employee gifts locally, you can be confident that Delifonseca will fulfil your requirements. Set us a budget and a brief and we will do the rest. We will ensure that the gift is delivered on schedule and in tact to anywhere in the UK.

Gifts can be beautifully packaged in modern card gift boxes, wooden boxes, open wicker baskets or traditional hampers.

To make the gift even more perfect Delifonseca offers an additional gift voucher service. A voucher can be included so that the recipient, at their own leisure, can come down to the deli and choose perishable items from our large deli counter. Obviously this option would only work for people based in Merseyside!
